BPI Standards Development Procedures

➢ Learn more about the <u>BPI Standards Development Procedures</u>

Appeals Policy

➢ Download the <u>Standards Development Appeals Policy</u>

Policy Guidelines

➢ Through its committees, working groups, Board of Directors, and departmental staff, BPI's activities are governed by strict policies designed to promote and stimulate our free enterprise system. Download the <u>BPI General Policy Statement Applicable to Standardization Programs</u> to learn more.

Patent Policy Form

➢ The <u>Patent Holder Statement</u> should be used to submit Intellectual Property (IP) tenders on BPI standards and bulletins. BPI conforms to the ANSI patent policy as set forth in the current version of ANSI Essential Requirements.

New Standard Proposal

➢ To propose a new standard that fits within BPI's scope as an ANSI American Standard Developer, please submit the <u>New Standard Proposal Form</u>.

Please see the FAQs or e-mail <u>standards@bpi.org</u> for further questions.
