At CLEAResult, we change the way people use energy. CLEAResult is the leader in transforming energy challenges into energy efficiency solutions. We work with utilities, businesses and consumers to improve the energy experience on a local and global level throughout the US and Canada. You will love working at CLEAResult because we are having a positive impact on the world by changing the way people use energy. We are the market leader in bringing energy efficiency programs to life and offer lots of flexibility of where and how you work. You will have the opportunity to be creative every day and work with a leadership team that is open to new ideas.

**CLEAResult Perks:**

- Medical, Dental and Vision Insurance; we also offer a company paid health care concierge service because we've all been there — needing help with our health plan and not knowing where to turn.
- 401 (k) with company match
- Paid vacation, sick and personal time
- 10 paid company holidays
- Paid Volunteer Time; giving back to our communities is important to us
- Discounts on home and auto insurance
- Employee Referral Bonus Program
- Employee Recognition Program – convert your recognition points into gift cards
- Employee Assistance Program – offers benefits to help you manage daily responsibilities
- Access to training opportunities to advance further in your career

**We are looking for a talented individual...**

To act as local on-site program and company representative to residential programs. Pre and post-installation verification's and other technical data gathering activities through a defined territory. The Residential Field Specialist will support Account Managers in their efforts to influence stakeholders to sell and/or install energy efficiency retrofits or new construction. Provides technical advice, guidance and training on software, installation, adaptation, configuration or enhancement in accordance with client specifications. Troubleshoots technical problems, issues and recommends solutions.

**You are excited about this opportunity because you will...**

- Conduct quality assurance inspections and reviews (on-site verification's and electronic review of field data entered into program database)
- Provide technical advice, guidance and training on installation, adaptation, configuration or enhancement in accordance with client specifications.
- Provide input and status updates to program staff regarding project scope, planning and effectiveness of products. Provide technical expertise to identify, analyze and resolve issues.

**We're excited about you because you have...**

- 4-8 years relative industry experience
- A High school diploma or equivalent required
- Preferably an Associate Degree w/relevant industry technical certification/training
- Preferably BPI, HERS and LEED Certification
- Familiarity with energy modeling software

**Equal Opportunity Employer**

*As an Equal Opportunity Employer, we are committed to ensuring equal employment opportunities for all job applicants and employees. Employment decisions are based upon job-related reasons regardless of an applicant's race, color, religion, national origin, marital status, age, sex, gender identity, sexual orientation, status as a qualified individual with a disability or protected veteran, or any other protected status.*

*The above job description and job requirements are not intended to be all inclusive. CLEAResult retains the right to make changes or adjustment to job descriptions and/or job requirements at any time without notice.*
