

Project:HOMES is seeking a person interested in becoming a full time Energy Auditor working in Central Virginia. As an energy auditor you work with the Energy Conservation Department team to improve the energy efficiency of homes. The auditors travel to clients' homes, interview the clients, conduct a full energy audit, develop a scope of work, and works with subcontractors to assure a quality installation of energy conservation measures. Our auditors need to communicate effectively with a wide variety of clients, be self-motivated, and able to balance competing demands. Auditors should be comfortable working in confined spaces such as attics and crawl. Our auditors use technology in the field, so ability to use or openness in learning how to use technology is a benefit. Most importantly, our auditors must a desire to make a positive difference in the community.

Project:HOMES is a non-profit housing agency dedicated to Improving Lives by Improving Homes. For the past 25 years we have served Central, Virginia. We now serve eighteen counties by weatherizing homes to make them safer, more energy efficient and reduce their carbon footprint. If you are interested in becoming a part of a dedicated energy conservation team, consider applying for this full- time position which includes health care, paid vacation leave, retirement benefits and training funds.

Salary is based on the applicant's skills, background and education. Range is \$ 19 - \$22 per hour.
