

Greenologists LLC

Entry Level Energy Analyst/Energy Auditor

Statewide in Upstate New York

Overview: Greenologists LLC is a growing energy management consulting firm. Our mission is to assist the multifamily housing market in New York State maintain affordable, healthy, and energy-efficient housing. Our team evaluates existing conditions of multifamily buildings and our clients to make sound, financially viable recommendations to improve their operations. We act as an Energy Efficiency Concierge of state, federal, and utility incentive programs to deliver funds to offset the cost of building improvements designed to reduce the carbon footprint and fuel consumption of the buildings we serve. We are passionate about energy conservation and the environment. We are doing our best to slow climate change by aligning with the State Climate Initiatives to electrify and enhance carbon reduction in New York housing stock.

Job Description: Greenologists LLC is seeking an entry-level Energy Analyst/Energy Auditor to join our talented and dedicated team. The entry-level Energy Analyst will assist our senior analysts in conducting energy audits of multifamily buildings and administrative tasks associated with data input and program documentation before, during, and after the energy audit. The position requires competency in Microsoft Office and Google applications as well as basic math. This position also entails the collection of site data, review and understanding of building systems and construction, research, and data analysis. We are looking for individuals who are team-oriented, able to work independently, possess great people skills, and are willing to learn.

Compensation commensurate with experience.

Minimum Qualifications:

Minimum two-year college or work-related equivalent. A concentration in energy conservation, building science, or construction trades/management is preferred. Will strongly consider individuals with adequate on-the-job experience in commercial residential construction, energy conservation, and energy audits.

Must have good communication and organizational skills

Requires working from your own home office but will involve travel to job sites throughout New York State. Must own your own transportation with a clean driving record

Building Performance Institute (BPI) Building Analyst Certification gives candidates a major advantage.

PHYSICAL DEMANDS/WORK ENVIRONMENT

While performing this job, the employee is required to stand, walk, sit, reach, handle objects, tools or controls, climb stairs, balance, stoop, kneel, crouch or crawl, talk or hear, and lift and/or move up to 50 pounds.

Specific vision abilities include close distance, peripheral and department perception and the ability to adjust focus.

Work conditions may include exposure to inclement weather and noise.

TO APPLY: Applicants should submit a **cover letter** and **resume** to **cyd@greenologists.com**.

Greenologists is an equal opportunity employer. Individuals from all cultures and communities are encouraged to apply.
