

About this Job

As a Lead Field Inspector, you will assist project managers and partners with limited supervision in completing residential and commercial building inspections for a variety of clients. You will support the team and our clients on a regular basis and be an essential component of our growing practice.

Key Responsibilities

- Coordinate and perform site inspections for HERS, Energy Star, code compliance, 45L Energy Efficient Home Credit, Cost Segregation studies, 179D Energy Efficient Commercial Building Deductions, as well as other specialty incentives as needed
- Relationship management and interaction with construction superintendents, internal employees and external clients
- Prepare detailed site inspection reports and narratives
- Document, review, and assemble comprehensive work product for review
- Project Management
- Communicate and interact directly with clients, CPAs, administrative staff, partners, and CEO about project status, etc.
- Coordinate the delivery of project results with client and accounting staff to ensure proper billing.
- Travel required (up to 100% of work time traveling)

Skills & Qualifications

- 2 years+ of residential or commercial construction experience required
- Strong understanding of building science, energy efficiency, construction management, and building performance required
- Preferred Licenses & Certifications: RESNET Rating Field Inspector (RFI), Energy Star, ICC Residential Combination Inspector
- Bachelor's degree in Engineering, Architecture, Building Science, or related field a plus
- Previous experience with Energy Modeling (Especially REM/Rate and Ekotrope) a plus
- Previous experience with Cost Segregation studies or construction estimating (preferably in mechanical, electrical, and/or plumbing trades) a plus
- Previous experience with CAD, Drafting, and/or BIM a plus
- Highly Proficient in Microsoft Office (Outlook, Excel, PowerPoint, etc.)
- Time management and attention to detail
- Ability to prioritize and multi-task on a variety of tasks and projects
- Clear written and verbal communication skills, strong documentation skills
- Strong client interaction skills
- Must have reliable transportation and secure work location
- Self-starter with a roll-up-your-sleeves attitude
- Experience with Salesforce or other CRM a plus
