
Energy Auditor – GreenLife Energy Solutions

Job Description

GreenLife Energy Solutions performs several cost-saving measures within the home. These measures include fiberglass insulation to the crawlspace, banjoists, interior ceilings, and all of the exterior walls. We also provide air sealing and weatherization work to optimize the maximum efficiency of the home. We are proud to be primary contractors for the New Jersey Comfort Partners Program and South Jersey Gas & Elizabethtown Gas Home Weatherization for the Income Qualified Program. We provide a wide range of services designed to improve your quality of life, save money, save on energy, and protect our planet.

Energy Auditor - compensation based on experience - Perform “whole house” energy conservation recommendations per home which require comprehensive knowledge of energy conservation measures in residential homes, repair procedures, heating system evaluation, and funding source guidelines.
