#### WHO ARE YOU?

Residential Mechanical Designers at PEG will have the opportunity to perform load calculations and design residential HVAC systems using the industry's leading modeling software. PEG specializes in green building and design which we incorporate in each project. This position focuses on furthering professional career development through training and certifications. We are looking for someone self-motivated, detailed oriented, and hardworking to add to our dynamic team.

#### THE ROLE

Job Location: This position is based in our main office in Fairfax, VA with the option of a hybrid remote/office work schedule after the first year of employment.
