

CLEAResult is currently seeking a seasoned technical professional to serve as a Residential Field Specialist for the TVA Limited Income Program. The successful candidate will be responsible for performing Quality Assurance and Quality Control inspections on TVA Limited Income homes and data.

BPI or HERS certifications required

- 70% Conduct quality assurance reviews of residential energy audits (on-site verifications and electronic review of field data entered into program database)
- 15% Provide technical advice, guidance and training in accordance with client specifications and provide additional support for full diagnostic audits and inspections to assist with production goals.
- 15% Work with an Operations Supervisor to compile reports and findings during field visits and identify areas that need improvement.
- 50% Overnight travel throughout a defined territory based on program needs

This is a field-based position who will work primarily with the Operations Supervisor. The field component will involve traveling the program footprint observing program appointments to collect data and report back to management. Due to the size of the program footprint overnight travel will be necessary along with local travel. The schedule is flexible. Field data review is conducted remotely to assure compliance with program expectations and findings reported to management.

- Provides solutions to a variety of technical and program problems of moderate scope and complexity based on program-approved practices, techniques and standards.
- Work is minimally supervised. Follows established procedures. Work is reviewed for soundness of technical judgment, accuracy, and customer service.
- Contributes to completion of milestones associated with specific projects. Failure to achieve results or erroneous decisions or recommendations may cause delays in program schedules and may result in allocation of additional resources.
- Frequent use and application of technical standards, principles, theories, concepts and techniques.
- Frequent inter-organizational and outside customer/contractor contacts – working towards achieving SME (Subject Matter Expert) status
- Makes recommendations with incremental impact
