

## Job Description: Web Developer

<b>Date Created: 8/2020</b>	<b>Location: Detroit, MI</b>
<b>Reports to: Sr. Director of IT</b>	<b>Program: Information Technology</b>
<b>FLSA Status: Exempt</b>	<b>Niche: Energy Waste Reduction/ Energy Efficiency</b>

### Company Overview:

Walker-Miller Energy Services is a 20-year-old Detroit-based, core-values driven company committed to changing lives through energy efficiency. We create and manage customized energy waste reduction programs that help electric and gas utilities meet mandated energy savings goals.

We provide our utility clients with a wide range of energy-saving and renewable energy solutions. From individual utility customers and construction contractors, to utilities, municipalities, and government bodies, our clients have come to depend on our customized energy efficiency programs to help them to meet their energy saving goals.

Our experience driven philosophy of energy efficiency as economic development helps families and businesses save energy and save money. Through innovative, inclusive initiatives, we help build communities by creating local jobs, producing equitable energy savings for all rate payers, and spurring the growth of diverse local businesses.

Our operating philosophy is reflected in our core values. We refer to them as B-Hive.

B - Boldly Go

H - Humble Confidence

I - Inclusive Stewardship

V - Value Reputation

E - Extraordinary Experience

### Position Overview:

The Web Developer will be responsible for updating our current online applications, as well as developing and implementing new applications and websites as business dictates. We are looking for an experienced professional who understands a variety of web environments. In this role you will work in an office environment. The role does not offer sponsorship employment benefits.
