

Quality Control Inspector [QCI] - Weatherization

Openings: (1) Ocean County - 40 hours / week; Monday – Friday 8am – 430pm

Location: Toms River

Rate: \$25.00 - \$29.00 per hour based on experience and certification

Put your eye for detail and technical knowledge to work where they matter! O.C.E.A.N., Inc. is looking for a Quality Control Inspector (QCI) to join our Weatherization team and help ensure that completed work meets program standards, quality expectations, and the needs of the households we serve.

What Does a Quality Control Inspector Do? As a QCI, you'll visit completed Weatherization projects to inspect the work, verify that improvements were properly installed, and make sure projects meet required standards before they are finalized.

A typical day may include: • Traveling to residential properties to conduct quality control inspections • Reviewing completed Weatherization work and verifying that measures were properly installed • Inspecting insulation, air sealing, heating and cooling systems, windows, doors, appliances, and other installed measures • Performing diagnostic testing and collecting measurements as required • Comparing completed work with the original assessment, work scope, and program requirements • Identifying deficiencies, safety concerns, or areas requiring correction • Documenting inspection findings and completing required reports and records • Communicating findings with Weatherization staff and contractors • Conducting follow-up inspections when corrections are needed • Helping ensure projects meet applicable Weatherization program requirements before completion

In short—you'll be the quality check that helps make sure the work was done correctly, safely, and according to program standards.

What You Bring ✓ Quality Control Inspector (QCI) Certification required ✓ Strong attention to detail and problem-solving skills ✓ Knowledge of residential construction, building science, or Weatherization practices ✓ Ability to identify workmanship, safety, and installation concerns ✓ Ability to work independently in the field ✓ Strong communication and documentation skills ✓ Ability to accurately complete inspection reports and required paperwork ✓ Ability to work in residential environments and safely perform field inspections ✓ Valid driver's license and reliable transportation, as required for the position

What We Offer O.C.E.A.N., Inc. offers a comprehensive fringe benefits package for eligible employees, including: • Paid time off • Insurances: • Health • Dental • Vision • Life • 403(b) retirement plan

Make Quality Your Mission! If you have a sharp eye for detail, enjoy field work, understand residential construction and Weatherization, and take pride in getting the details right, bring your skills to O.C.E.A.N., Inc.
