

Position: Building Envelope Specialist (Introductory Role with Training)

Location: Savannah, GA & Bluffton, SC

Starting Salary: \$39,000 to \$45,000+

Benefits: Health & Dental after 60 days

Other: Company vehicle, computer & phone

At our company, we are dedicated to helping builders and property owners optimize building performance and enhance energy efficiency to minimize expenses. We are currently seeking candidates for an introductory position as a Building Envelope Specialist, and we will provide comprehensive training to equip you for success.

Role: As a Building Envelope Specialist, your primary focus will be assisting our customers in achieving a tightly sealed building envelope to minimize air leakage to the outside. You will be involved in conducting field tests and implementing air sealing measures. This includes utilizing industry tools such as Blower Door and Duct Blast systems to measure building tightness, employing infrared scanners to identify areas of air leakage, and applying expanding foam and caulk to seal these areas. Additionally, we offer an advanced air sealing technology that pressurizes the building envelope and releases precise levels of sealant mist to locate and seal any leaks automatically.

Qualifications:

- Integrity is of utmost importance to us and is a fundamental requirement for this role.
- While knowledge of building science and experience in the construction industry are advantageous, they are not mandatory.
- We offer this position as an entry-level apprenticeship, providing you with the future opportunity to work independently or as part of a team.
- Key qualities we seek include self-motivation, organization, and the ability to efficiently manage your daily testing list.

Requirements:

- Positive attitude and strong work ethic
- Valid driver's license and clean background (3 years)
- Willingness to travel within coastal SC and GA counties
- Ability to lift at least 60 pounds
- Comfortable working on ladders up to 20 feet
- Authorized to work in the United States

Benefits:

- Health, Dental, Vision (after 60 days)
- Paid Leave (after 1 year)
- Company Vehicle
- Company Computer and Phone

This position not only offers the chance for you to expand your knowledge of building science but also provides ample opportunities for personal growth within our organization. We are committed to supporting your development and helping you succeed in your career. Thank you for considering this opportunity.
