

Want to grow with a Growing Company? Work in a team orientated environment that fosters innovation and process improvement? Come join GreenLife Energy Solutions.

GreenLife Energy Solutions was founded in 2007, and our mission is to create a more sustainable environment for future generations. We do this by providing a wide range of cost-saving measures, energy solutions, resources, and assistance to communities across the state of New Jersey. We are proud to be primary contractors for the New Jersey Comfort Partners Program and Elizabethtown Gas Home Weatherization for the Income Qualified Program. GreenLife Energy Solutions is a full-service energy conservation contractor based in Egg Harbor Township, New Jersey. However, our services are available statewide.

We are fully accredited by BPI,* **the Building Performance Institute, and Resnet,*** the Residential Energy Services Network. This ensures our customers that they are getting the highest quality work. It also provides an opportunity for our customers to take advantage of various financial incentives that may be available through different programs.

At GreenLife Energy Solutions you will be welcomed into our family and quickly adapt to our culture. Our Energy Auditor will be expected to work Monday through Friday, with some weekends. At GreenLife, we encourage you to come up with ideas on how to improve your current position and we welcome independent thinkers, who also, thrive as team players.
