Part of the mission of the Youth and Family Services Division is to help people get the services they need to fight poverty and increase academic success. Some of the services we provide are energy efficiency and weatherization, energy assistance, homelessness and housing, and anti-poverty and prosperity. A variety of services and supports addressing a range of prevention, intervention, and treatment are made available to the more than 55, 000 households in the community that meet federal poverty guidelines.

Primary responsibilities for the Weatherization Inspector include but not limited to:

- Perform single and multi-family audits, major measure inspections, and specialty measures as deemed necessary. This includes but is not limited to pressure diagnostics, duct blaster and blower door testing, combustion safety and technical assistance and program advice to contractors and energy program staff.
- Provide client energy education and identify health and safety issues.
- Review projects before major measure work is issued, discuss findings with the Weatherization Lead Inspector as needed, and recommend necessary changes for line items on work orders before they are issued.
- Conduct peer monitoring of other weatherization programs.
- Attend unit meetings, all staff meetings, and attend annual energy conferences.
- Review and approve project files, work order changes, and approve invoices for payment.
- Use energy modeling software.
- Perform in progress inspections.

To Qualify:

We will consider any combination of relevant work experience, volunteering, education, and transferable skills as qualifying unless an item or section is labeled required. Please

be clear and specific about how your background is relevant. For details about how we typically screen applications, review our overview of the [selection process page](#).
