

Messiah Herron

Energy Efficiency Auditor, Building Analyst, Site Surveyor

Cartersville, GA 30121

messiahherron@gmail.com

+1 949 689 7026

I am highly skilled in evaluating and collecting energy consumption data from commercial & residential properties. After collection, I can calculate their energy usage on what types of improvements should be done on-site to lower their overhead cost. After the recommendation, I can also implement the changes via electrical retrofitting & weatherization.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Home Energy Auditor - Site Surveyor (Field supervisor/Trainer)

ADT SOLAR - Marietta, GA

September 2021 to Present

As a Home energy auditor/Site Surveyor, I conduct an audit for our homeowners. This audit consists of me running a pressure test, evaluating the ACH50, getting an energy usage reduction of 10+ percent through retrofits, installing a thermostat, and producing paperwork detailing my findings.

- Energy Efficiency Audits
- Site Surveys (Roof, attic, battery, trenching, electrical)
- Fiberglass Insulation
- Thermostat and Air scrubber installation
- Hvac/thermostat troubleshooting
- Training & onboarding of new hires (In and out of territory)
- Quality control of field tech
- Scheduling
- Case work/Troubleshooting
- Conducting Meetings
- Forecasting
- Field management
- National travel (new hire onboarding, inspections, site surveys)
