

## Job Description Summary

At CLEAResult, we lead the transition to a sustainable, equitable, and carbon-neutral energy-efficient future for our communities and our planet. We do that by creating a people-first culture built on trust, accountability, and transparency; where every employee – regardless of position, role, or identity is treated with respect and given an equal chance to thrive.

Additionally, you will enjoy:

- Medical, Dental, and Vision Insurance; we also offer a company-paid health care concierge service to help navigate our health plan to make the best decisions for you and yours
- 401(k) with company match
- Paid vacation, sick, personal and parental leave time
- Paid Volunteer Time: giving back to our communities is important to us
- Employee Recognition Program – convert your recognition points into gift cards
- Employee Assistance Program – offers benefits to help you manage daily responsibilities
- Access to on-demand training courses to advance further in your career

## Job Description

We are looking for a talented individual...

To join our team as a Residential Energy Inspector! You will be responsible to inspect the work of the program contractors both during and after their visit with customers, to verify that all eligible energy efficient measures have been installed to the specifications of the HES programs.

Ideal candidates should have a background in Energy Efficiency programs with a strong understanding of building science as it relates to the weatherization of single-family homes. Knowledge of specific testing procedures like Blower Door, Duct Blasting, and Duct Flow a plus, Building Performance Institute certifications are a plus.

Here at CLEAResult, you will fit right in with our energetic team if you are resourceful, resilient, and kind.

For this role, you're a great fit if you can...

- Responsible for complete and accurate quality control or quality assurance inspections in accordance with program standards and client requirements.
- Conducts standard inspections to verify that the energy efficiency measures have been installed to meet program quality standards.
- Perform diagnostic testing including blower door and combustion safety testing.
- Document findings using program Quality Inspection Forms and specific inspection criteria for all measures installed.
- Track and enter all required program data in an accurate and timely manner.
- Stays current on latest Program initiatives, policies, procedures, etc. and proposing ideas for improvement. Develops advanced technical knowledge in energy efficiency and building science
- Work closely with Quality Control Manager to resolve customer and contractor issues.

In this exciting career opportunity, you will have...

- 0-1 year of relevant industry experience
- High school diploma or GED required
- BPI Certification will be required but not needed at time of hire.

#### Additional Job Description

Reasonable accommodations may be made for individuals with disabilities to perform the essential functions of this position.

#### Equal Opportunity Employer

As an Equal Opportunity Employer, we are committed to ensuring equal employment opportunities for all job applicants and employees. Employment decisions are based upon job-related reasons regardless of an applicant's race, color, religion, national origin, marital status, age, sex, gender identity, sexual orientation, status as a qualified individual with a disability or protected veteran, or any other protected status.
